Transform this ready-made house to your own taste, which is located in the popular Rókahegyi residential park in Üröm.

You will find plenty of opportunities for this on the three levels. On the ground floor, there is a living room with an American kitchen connected to the garden, and on the first floor there are bedrooms. In the attic with a particularly high ceiling height, not only is the view tempting, it is extra bright due to the attic windows, which is also an excellent option for a studio or studio.

The street-side apartment of a three-apartment row house is for sale, with a really nice view. The apartments are located next to each other, each has its own garage, with direct access to the ground floor space. There is an additional parking space in the yard.

The floor plan is only informative!

It is an extremely popular residence among families with small children. Developed part of the settlement, orderly, clean streets, low vehicle traffic.

All utilities are within the lot, the other 2 apartments are inhabited. Neat garden, very nice neighborhood.

Even Csillaghegy is not far ...
